

International Day of Forests

21 March 2021

OPEN COMPETITION FOR STUDENTS

Students in higher education (**Graduation and above level**) are invited to participate in an open competition for presenting innovative ideas/solutions around the **sub-theme: "Ways of Improving Native Flora"** (given the fact that many species have become highly deficient and their regeneration slow and difficult)

The Competition has been announced by **Ministry of Environment, Forest & Climate Change, Government of India, New Delhi** and Organized by **Indian Council of Forestry Research & Education, Dehradun** through its Institutes. This call for entries is from **Arid Forest Research Institute, Jodhpur (afri.icfre.org)**.

WHO CAN PARTICIPATE

Students from Rajasthan, Gujarat, Dadra and Nagar Haveli & Daman and Diu, pursuing their Graduation level or higher studies from a recognized university. A scanned copy of your current College/University Identity Card should be submitted along with your write-up.

HOW TO PARTICIPATE

1. Write up your **innovative idea/solution on above sub-theme** around the main theme of IDF2021, in up to **500 words max in Hindi or English**. Give a clear short Title at the beginning of your write-up. Give your complete Name, postal address, email ID and mobile number at the bottom of your write-up
2. Save as PDF and email to extensiondivafri@gmail.com
3. Do not forget to send scanned copy of your current college/university ID card
4. Last Day to submit: **Saturday 13/03/2020 at 11:59:50 PM**. Late entries will not be entertained
