

WORKSHOP CUM TRAINING ON 'PLANTATION ESTABLISHMENT TECHNOLOGY FOR WASTELANDS, JANUARY 13-15, 1998

Two days workshop cum training programme was organized by Indian Farm Forestry Development Corporation (IFFDC), India Canada Environment Facility (ICEF) and Arid Forest Research Institute (AFRI) at AFRI, Jodhpur to impart training to the villagers working groups and officials of IFFDC on plantation establishment technology as a part of capacity building.

Various topics which were covered during the programme by Scientists and Officers of the Institute are as follows:

S. No.	Topic	Resource person
1.	Priorities for forestry research in arid zone of India.	Sh. M. L. Arrawatia
2.	Plantation establishment and care on wastelands.	Dr. G. N. Gupta
3.	Field practices to bring genetic improvement in forest plantation.	Sh. C. J. S. K. Emmanuel
4.	Recent advances in nursery technology.	Sh. K. S. Sethi
5.	Seed quality and forest productivity.	Sh. M. L. arrawatia
6.	Vegetative propagation in operational forestry-status and scope.	Sh. V. S. Gaur
7.	Micro-propagation technique-a powerful tool in forestry	Dr. U. K. Tomar
8.	Water harvesting and conservation in dry zone afforestation.	Dr. G. N. Gupta
9.	Living and non living barriers to protect plantations.	Dr. G. Singh
10.	Plantation practices for saline and alkali sites.	Dr. Ranjana Arya
11.	Recent dimensions of pests and non-insect pests management through microbial and cultural practices in arid areas.	Dr. S. I. Ahmed & Seema Kumar
12.	Practical hints to bio-pesticides uses in forestry.	Dr. R. Sundararaj
13.	Pest spectrum of arid and semi arid zone of India and their conventional chemical control measures.	Dr. Mohd. Yousuf & S. Chouhan
14.	The energy crisis and biomass.	Dr. Kishan Kumar
15.	Approaches to yield and biomass predictions in forestry plantations.	Dr. V. P. Tewari
16.	Potential and practices of non-wood forest product in Rajasthan.	Dr. Y. C. Tripathi
17.	Interactive relationships in agroforestry.	Dr. Rajendra Prasad & R. K. Gupta
18.	Irrigation water management in plantations.	Sh. N. Bala
19.	Integrated nutrient management in plantations and agroforestry.	Dr. V. Kuppusamy
20.	Latest approaches in social forestry and people's participation.	Sh. Onkar Singh
21.	Disease management and plantations.	Dr. K. K. Srivastava
